

New user interface
design

Existing interface

The screenshot displays the Koha library management system's home page. At the top, a navigation bar includes links for Circulation, Patrons, Search, Cart, Catalogage, and More, along with a user login for 'test' at 'Mediatheque centrale' and a 'Help' link. The Koha logo is prominently featured on the left. A search bar prompts users to enter a patron card number or partial name, with a 'Submit' button. Below the search bar, a row of buttons offers options like 'Check out', 'Check in', 'Renew', 'Search patrons', and 'Search the catalog'. The main content area is divided into three columns. The left column contains a 'News' section with a 'Bienvenue' message and links to 'OPAC demo' and 'Intranet demo'. The middle column features a vertical stack of buttons for 'Circulation', 'Patrons', 'Advanced search', 'Item search', 'Lists', and 'Authorities'. The right column contains another vertical stack of buttons for 'Point of sale', 'Cataloging', 'Serials', 'Acquisitions', 'Reports', 'Tools', 'Koha administration', and 'About Koha'. A 'Last patron' button with a close icon is located in the top right corner of the main content area. At the bottom, a language selection bar offers options in English, Deutsch, Español, Français, Italiano, and Nederlands.

Colors

Koha-community.com inspired color palette

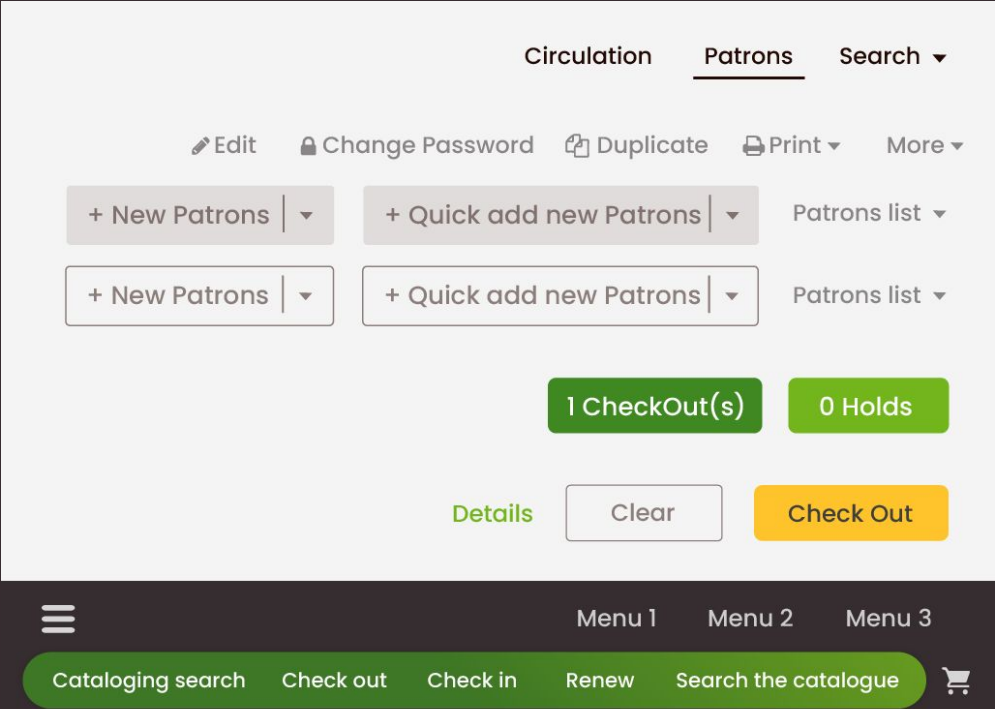

From two greens, one brown, setting a “stand-out” yellow to balance the interface.
Two gradients also created from the 3 mains colors are bringing textures.

Colors presence in the interface

Yellow is only for the (only) main button on a screen
Light Green is the interactive color, for buttons, links, tabs
Dark green is the "selected" color, "where we are", not interactive

Buttons

Here is a bank of buttons to use
From the less important to the most important,
this bank is suppose to cover all the use

Type

Poppins
Poppins

Main input behaving

Check out Check in Renew Search the catalogue

✕ Check out  Enter Patron card or partial name →

Interactive input prototyping :

<https://thibaultpetit.fr/koha/>

The main input get condensed

Taking less space, fitting in the header without adding a click
The input, hidden on the first state,
could still be “focus” and shown if user give input/ use the scanner.

Toolbar position

The screenshot displays a library management system interface. At the top, a navigation bar includes links for Circulation, Patrons, Search, Catalogue, and More, along with buttons for Check out, Check in, Renew, and a search bar. A red arrow points to a toolbar located below the navigation bar, which contains icons for Edit, Change Password, Duplicate, Print, and More. The main content area shows a form for checking out to 'admin ADMIN (P001)' with a 'Check Out' button. Below this, a table lists checkout records for the item 'Coeur de fer, le Chouan bleu by Jean-Claude Sacerdot'. The table has columns for Due Date, Title, Record-level item type, Item type, Location, Home library, Checked out on, Checked out from, Call no, Copy no, Charge, Fine, Price, Renew, and Check in. The toolbar is positioned on a second ground, allowing the main content to stand out.

The toolbar is pulled on a second ground, with few opacity and align left, it allows the main content to stand out on one hand, and it facilitate the readability of the all screen from the top-left to bottom right

Toolbar position

Tabs kept the link with the main container
by using the same color and removing any border.
This disposition really helps users understanding the purpose of the menu on the left
and the link with the content on the right
